INVENTORY OF OFF-STREET PARKING FACILITIES WITHIN BOSTON PROPER

April, 1981

INVENTORY OF OFF-STREET PARKING FACILITIES BOSTON PROPER

April. 1981

This list and the accompanying map give a complete inventory of parking lots and garages in Boston Proper (that area of the Boston peninsula bounded by Massachusetts Avenue, the Southeast Expressway, Fort Point Channel-Boston Harbor and the Charles The inventory was prepared from data obtained on field surveys conducted by the Boston Redevelopment Authority and from information supplied by the Boston Traffic & Parking Department. Assistance was received from the Boston Real Property Department, the Boston Building Department and the Boston Air Pollution Control Commission. These surveys were conducted in the summers of 1978 and 1979, and updated in the summer of 1980.

The purpose of this inventory is to present current information on off-street parking facilities in Boston Proper which have a minimum capacity of ten cars. Certain facilities which have been excluded are those used for the parking of company-owned vehicles and areas used primarily for the loading and storage of materials.

vic.

Code Number:

Each parking area is assigned a code number in order to match the data given in this listing with the location code of the facilities on the accompanying map. If adjacent facilities are operated by the same organization and have similar rate structures or restrictions, they are listed under one code number with letters used to designate each of the subdivisions.

Name, License Number, Location:

Wherever applicable, this column identifies each facility by its name or the name of the owner, the name of the operator, the license or permit number and the address of the facility. Addresses used are from the official maps of the Building Department.

Status:

Each parking facility is classified by ownership, public or private, and type of usage. The designated categories of parking area usage are defined below:

<u>Public Lot</u> - an open air, ground level facility in which anyone may park at a specified set of rates.

Private Lot - an open air, ground level facility in which there is parking for special patrons (employees, customers, residents, etc.) Rates may or may not be charged.

Public Garage - a building, often multi-leveled, in which anyone may park at a specified set of rates.
